Review of Betts Park

Teens love it, parents don't. Betts Park boasts four baseball diamonds, a soccer field, and four tennis courts. It's an after-school mecca for kids from Central and Highland High Schools, for baseball, soccer, or goofing off. The fields are in amazingly good condition, with green grass cut close and well watered. But spectators beware. There is no room for people to sit. Park operators say the next step is to install bleachers and concessions trucks. For now, though, fans are forced to sit on their coats or ... TO STAND.

Freshman starts his own nonprofit to serve kids with learning differences

Monday, March 5, 2008 | <http://www.hifflandgazette.org>

CHICAGO – Freshman Tommy Williams is starting high school on the right foot. Just before entering Hiffland, Tommy founded a nonprofit organization in Chicago called Making Different Special. The nonprofit offers support groups and tutoring services to elementary and middle school kids with learning differences like dyslexia. According to Tommy's mom, a physician at Chestnut Lake Hospital, Tommy has always been a leader. "When Tommy was little, he was selling lemonade with fruit chunks in it at the neighborhood art fair, when everyone else was selling plain old lemonade. He's always had bright ideas." Not a bad way to start out high school. There will no doubt be four promising years ahead for Williams.

1. Your digital footprint is all of the information about you:

- a) that can be found online, posted by you or by others
- b) that can be found online, posted only by you
- c) in the text messages that you send
- d) in the emails that you send to your friends

Answer feedback

The correct answer is **a**. Your digital footprint is all of the information about you that can be found online, posted by you or by others. Your digital footprint can help or hurt your image.

2. Look at Anna's social network profile below. Find three things on the profile that shouldn't be there and mark them with an "X."

Answer feedback

The references to drinking might create a negative image for Anna. She also makes a comment about a teacher, making Anna (and those who Liked it) look bad. While Anna's phone number won't harm her reputation, it shows that she is not careful with her private information. Anna should remove all of these things to improve her online image.

3. True or false: Only things that you post about yourself affect your online image. Posts about you by other people don't matter.

a) True

b) False

Answer feedback

The correct answer is **b**, False. A person's entire digital footprint is part of their online image. This is why it's important to show positive things about yourself and others when you post online.
